**“That’s my survival kit. It has a meditation tape,
aspirin, and rose-colored glasses.”**

Find out what is expected of you as every district/position is different.

1. What paperwork are you responsible for?
2. What staff are you responsible for?
3. What is your role? Which IEP/MDT meetings do you need to go to?
4. What do others expect from you?
5. Sit down with other admins and find out what is expected
 - Survey Staff
 - Meet with former director

Survival Tips

Establish rapport

- With the other administrators you will be working with
- With the special education teachers and paras
- With other teachers on staff
- With related service personnel – even if they are contracted
- With other special education directors in the area
- With parents – especially the tough ones

- ❑ Get a calendar system.
- ❑ Start a list of contacts.
- ❑ Find a filing system that works for you.
- ❑ Print out forms calendar and make sure things are turned in on time.
- ❑ Use technology whenever you can. It is a big help.
- ❑ Remember you cannot do it all!
- ❑ Decide what is important and what has to be done.
- ❑ Delegate what you can.

Organize yourself! Find a system that works for you!

Put important due dates on your calendar and develop a plan for meeting these deadlines.

Plan to attend upcoming meetings and work your calendar around them.

footing!

Invitation to Participate

All SPED directors in the first or second year of their role are invited to participate in the NASES New Member Program.

The Program is a partnership between NASES and NDE to support those new to the state, their district, or position.

What is NASES?

Nebraska Association for Special Education Supervisors is an affiliate association of NCSA (Nebraska Council of School Administrators).

Other affiliates include NASA, NAESP, NSASSP, NASBO, and NARSA.

The state is divided into 5 regions

- Region 1: Jenny Piening
- Region 2: Jane Byers
- Region 3: Stacie Hardy
- Region 4: Lona Nelson-Mills
- Region 5: Laura Barrett

NASES Exec Board

President: Sally Giittinger

President Elect: Wendy-Kemling Horner

Past President: Brenda Tracy

Secretary: Kris Elmshaeuser

CASE Representative: Lee Frye

NARSA Representative: Michaela Nelson

New Member Liaison: Peggy Romshek

Legislative Reps: Ellen Stokebrand/Jane Byers

New Member Program Benefits

- *You are provided a mentor based on your needs as an administrator, along with geographic location
- *Networking with new and veteran special education supervisors
- *Ongoing meetings, trainings, and other opportunities to build your professional knowledge

Highlights for Trainings

Trainings are mostly held in conjunction with NASES meetings throughout the year.

- Each member receives a book as well as access to a portfolio with useful information for new directors
- Topics for trainings are based on member needs. Past trainings include
 - SPED Finance
 - Staff Supervision

Points to Ponder...

Change...

- Is difficult for many people
- Takes time
- Only make what changes you have to the first year, and then make the bigger changes the second and third years.

Administration can be a lonely world at times.

- Special Education can be even lonelier.
- Be careful about developing too close of friendships with staff.

Don't be afraid to ask questions!

- You don't have to know all the answers, but know where to find them.
- Be willing to take the advice that others give you!

Attend meetings!

- You need to stay up to date on special education information. The best way to do this is to attend meetings.
- You need respite from your job, and attending meetings helps provide this plus you start to develop relationships with others in the same field.
- Work will be there when you get back!

Join professional organizations

- This will help provide you with professional literature.
- Belonging to these organizations helps you network with others.

When making decisions or when dealing with conflict, take at least a day to think things over if you can.

- Not everything has to be done today.
- Even if you know what you are going to say, waiting helps you analyze your response and make sure you are right.
- Waiting also helps you become less emotionally involved.

"I'm disappointed; if anyone should have seen the red flags, it's you."

Trust your gut!

- If you have to respond immediately, trust your gut! It is usually right!
- If you were not right, be willing to admit you made a mistake.

Find mentors.

- Regular education administrators within the district/ESU
- Other special education administrators

Remember you can't make everyone happy!

- That is administration!
- That means you are doing your job!
- Make the decisions you feel are best for the situation. Even if people are not happy with you, hopefully, they will come to respect you for doing your job!
